Complete Childcare Provider & Referral Management Version 7.0.2

If you're looking for a complete, no hassle Provider & Referral Management System that won't cost you a fortune, and has a proven track record of satisfied customers behind it. GST CRIS© (Childcare Referral Information System) is just what you're looking for!

GST CRIS© offers comprehensive systems for managing everything from your most complicated referral calls to all the intricacies of maintaining and managing a complete database of childcare Providers.

GST CRIS© even comes with a built-in geographic database that allows you to locate and find the distances to the nearest childcare Providers with just the click of a button. It also produces a complete Referral Letter in English or Spanish. **Now includes a TrustLine Provider Management System!**

GST CRIS—Version 7.0.2...why not make your life a little easier!!!

GST CRIS Version 7.0.2 offers the following:

- Comprehensive Provider Management System for contacts, licensing, services, rates & fees, subsidies
- Comprehensive Referral Management System for call type, actions needed, child & schedule information
- Geographic Interface to Map Locations and distance to Nearest Providers
- Security Database for Logins & Permissions
- Choose from numerous existing Reports
- Prints Referral and Sign-In Labels
- Adhoc custom query and Report Builder
- Built-in Online Help System
- Comprehensive Documentation and Users Guide
- Interfaces with CAPPS/CARE© Alternate Payment System
